# ICPMA Alliance Award

This section is a succinct description (maximum 500 words) of the project outlining the following:

- What were the technical details of the project?
- Why should it be considered for the Award?

# ICPMA Alliance Award

How this project meets the 7 Principles of *the better way*.

*Each section should be restricted to a maximum of one page of text (400 words). The questions below are provided as prompts. Applicants should not restrict the information provided to these questions only. Use of supporting visuals such as progress photographs, etc., is encouraged.*

**1. People** who believe that working together makes all of us more effective

*Who were the principal people involved?*

*What did they bring to the project in respect of collaboration?*

**2. Processes** fostering co-operation instead of confrontation

*How was the philosophy of collaboration initiated?*

*What initial actions set collaboration in process?*

*How was the process of collaboration supported throughout the project?*

**3. Contracts** fair, clear and simple, contract management in mutual respect

*What contract was used?*

*How did this work in a collaborative environment?*

**4. Costs** transparent and competitive, reasonable profit for all

*How were costs managed?*

*What incentives were provided to promote collaboration?*

*How was this monitored?*

*How well did it work?*

**5. Quality** as our prime goal at a price that is acceptable to all

*What were the quality objectives for the project?*

*To what extent were they achieved?*

*How did working in a collaborative environment impact of the success or otherwise of the quality of the project?*

**6. Life cycle**, sustainable projects, designed with all phases in mind

*How was the entire life cycle of the project taken into account in undertaking this collaborative project?*

*How were the 3 pillars of sustainability (economic, environmental, social) addressed in the project?*

**7. Challenges** identified and solved with joint responsibility

*What challenges were encountered?*

*What systems were in place to overcome these challenges?*

# ICPMA Alliance Award

**Application:**

I hereby apply for this project to be nominated for the award for Excellence in Project Management

.....

*Name/Role*

*Client or Contractor or Consultant or Team Member or ICPMA Member*

**IMPORTANT NOTES:**

The Award for Alliance is given to those projects that demonstrate excellence in undertaking construction project management and it is evaluated using the 7 principles of “the better way” initiative.

The Judges decision is final. The Award is made by ICPMA and we want to ensure that all applicants and submissions can be included in any yearbook or other publication produced by ICPMA and that the winners will be included on our website and social media. Applicants should make note on any submission made if any part of that submission or any other information given is confidential in nature and cannot be so used.

Following the above guidelines, the total written submission should be between 2,000 and 3,500 words, with up to 10 photos or graphics. All should be sent to us initially in one email (up to 10MB) please. We will ask for more information or higher resolution photos later if needed.

## **Please send your submission**

by email to [info@icpma.net](mailto:info@icpma.net) and [icpmamembers@gmail.com](mailto:icpmamembers@gmail.com).
